

Here's the way this fun and educational event works — simply go to whichever farm you want to visit first, at that farm you'll pay your \$10 for your carload, and you'll get your hands stamped. Then you proceed at your own pace to whichever other farms you want to visit that day. It's that simple! See you at the farms!

The purpose of this event is to bring the citizens of Clallam County together with area farmers so farmers and non-farmers can learn more about one another, develop better relationships, and hopefully contribute toward a more sound, sustainable and healthy local food and agricultural economy

**Proceeds from the Harvest Celebration farm tours go support the work of Friends of the Fields in their efforts to preserve local farmland and support sustainable, local farming**
